1. Summary of the Invitation

Concordia is a customer-focused, Integrated Facility Management Company with a proven track record of customer excellence. Concordia is the industry leader with over 1,800 people managing more than 253,000,000 sq. ft. of residential and commercial property, 24/7, 365 days a year. Since its inception in 2007, Concordia has continually strived and delivered high quality services throughout Dubai. Investment in people, superior technical capability and relevant skills set, use of dedicated systems and management support sets the Company apart from competitors.

The Company invites tenders for Risk & Incident Reporting Management, Document Management System, Permit to Work and Dashboard & Reporting Software Development Software development services as per the Schedule provided. The Tenderer's Proposal will be in accordance with the Terms and Conditions outlined in this Invitation to Tender (ITT), the attached Appendix A (Scope of Works and its Annexures), and Appendix B and C.

It is the Company's responsibility to ensure it obtains the most economically advantageous Service balanced against improving quality and efficiency of the business.

2. Terminology

The following terms will apply to this Invitation to Tender (ITT) and to any subsequent Contract. The submission of a tender in response to this ITT indicates acceptance of the following terminology:

"The Company" and "The Client" means Concordia DMCC and its subsidiaries alternatively called Concordia Group.

"The Service" and "The Scope of Works" means the activity to be carried out by the Successful Supplier.

"Contract" means the written agreement resulting from this ITT executed by the Company and the Successful Supplier which will include the Scope of Works, SLA, KPI's, performance metrics and any additional terms and conditions attached thereto.

"Invitation to Tender" or "ITT" means the invitation to Suppliers to submit a tender for the provision of the service in accordance with requirements specified in this document.

"must", or "mandatory" means an essential prerequisite for a tender to receive consideration.

"Successful Supplier" or "Service Provider" or "Preferred Supplier" means the entity with whom the Company executes the Contract; and

"Supplier" and "Tenderer" means an entity that submits, or intends to submit, a tender in response to this ITT.

"Should" or "Desirable" means a requirement having a significant degree of importance to the objectives of the ITT.

3. "Invitation to Tender Process"

3.1 Notification of Change

All participating parties of this ITT will be notified of any subsequent information and changes to this document for the purpose of clarification.

3.2 Enquiries, Additional Information, and Site Visit

All inquiries related to this ITT are to be directed to the authorized contact person. Information obtained from any other source is not official and should not be relied upon. Enquiries and responses may be distributed to all suppliers at the Company's discretion.

Enquiries and any clarifications should be made as soon as possible. Enquiries/clarification requests will not be received after 23rd May 2025.

All communication should be in writing via email or other authorized channels such as vendor portal or formal letter. The final Contract between the parties will be on the basis of this document, any formal written advice to the Successful Supplier from the Company.

Authorized Contact Person:

Phone: +971 4 4232917
Mobile: +971 52 339 5671
Email: sameer.thaj@concordiadubai.com

Concordia DMCC will accept no claims whatsoever in relation to any supplier's expenses in the preparation and submission of tenders.

3.3 Proposed Contract Term

The contract terms will be for a period of 1 year in accordance with the submitted (successful) schedule of work and timelines agreed between the Successful Supplier and the Company, and any agreed extensions thereto.

3.4 Closing Date and Tender Submission Instructions

Each proposal must be submitted in **two (2) sets (One Hard Copy and One electronic copy in USB)**, one marked technical proposal and the other commercial offering as fully detailed of the tender must be received on **30th May 2025**

Addressed to:
 Concordia DMCC
 3rd Floor, Building No. 2
 Jewellery & Gemplex Complex
 Jumeirah Lakes Towers
 Dubai
 UAE

Attention: The Procurement Department

Tenders must NOT be sent by electronic mail. **One Hard Copy and One electronic copy in USB** to be submitted as means of Tender Submission.

Proposals must be fully contained in sealed envelope and/or packages and marked with the ITT number and the Project title and contain:

- a) Tender Cover Letter – Completed Appendix B to the ITT
- b) Commercial Proposal as per the requirements outlined in this ITT.

There must not be any markings on the external envelope or package indicating the name, Company stamp, or any other indication as to the identity of the submitting tender.

Tenderer identity will be in documents within the sealed envelope of package, but not externally.

3.5 Late Submissions and Errors

- (1) Late submissions will not be accepted or considered. It is the responsibility of the Supplier to ensure that their tender arrives prior to the closing date as indicated in this ITT.
- (2) The Supplier will be held to its tender as of the closing date, irrespective of subsequent representation that mistakes have been made in the tender originally submitted.
- (3) Notwithstanding the above sub-paragraph (3), if it appears that an error has been made in a tender, the Company may, in its sole discretion, before awarding a contract, communicate with the Supplier to ascertain if it will confirm or withdraw from the tender. If the Supplier is permitted to withdraw its tender, the Supplier will not be considered for this ITT.

3.6 Eligibility

Tenders will not be evaluated if the Supplier's current or past corporate or other interests may, in the Company's opinion, give rise to a conflict of interest in connection with the Project.

3.7 Evaluation and Selection

- 3.7.1 Tenders will be reviewed and evaluated by the Company against the mandatory criteria. Tenders who do not meet all mandatory criteria will be rejected without further consideration. Tenders that do meet all the mandatory criteria will then be assessed and

scored against the desirable criteria. The Company's intent is to enter into a contract with the preferred supplier, who, subject to minimum score requirements, has the highest overall ranking with respect to the desirable criteria.

3.7.2 Through submission of a Tender in relation to this ITT, Suppliers thereby acknowledge that the Company may select a Preferred Supplier entirely at its own discretion, is not bound to select the lowest price, may reject any or all tenders, and is under no obligation whatsoever to explain or justify its processes or decision to any unsuccessful Supplier or to any other party – refer also to Section 5.10, 'Liability'.

3.7.3 The Company reserves the right to negotiate with any or all Suppliers upon receipt of initial tender proposals as may best serve its interests and the Projects outcome. These negotiations and discussions may include, but are not limited to, input into and/or modification of the technical solution proposed and the commercial offer.

3.8 Delays

- 1 It is expected that the Preferred Supplier will be notified within three (3) weeks of the closing date.
- 2 Business will aim to conclude the LOI/ LPO within two (2) weeks of notification to the Preferred Supplier. The Company may, at its sole discretion at any time thereafter, either arrange for a LOI/LPO with the next qualified Supplier or choose to terminate the ITT process and not enter into a Contract with any of the Suppliers.

4. Proposal Preparation

4.1 Signed Tenders

An authorized signatory who has the Power of Attorney to sign on behalf of the Supplier to bind the Supplier to statements made in response to this ITT. The Supplier should ensure its submission includes a letter or statement(s) substantially similar in content to the sample provided in **Appendix B**.

4.2 Irrevocability of Tenders

By submission of a clear and detailed written notice, the Supplier may amend or withdraw its tender prior to the closing date. Upon closing, all tenders become irrevocable, subject to section 3.4. A Supplier who has withdrawn a tender may submit a new tender prior to the closing date, provided that such tender is submitted in accordance with the terms and conditions of this ITT.

4.3 Changes to ITT and Tender Wording

The Supplier will not change the wording of its tender after closing date and no words or comments will be added to the tender unless requested by the Company for purposes of clarification.

4.4 Acceptance of Terms

All the terms and conditions of this ITT, including the Scope of Works, are accepted by the Supplier, and incorporated in its tender.

4.5 Suppliers' Expenses

Suppliers are solely responsible for their own expenses in preparing and submitting a tender and for subsequent preparation and execution of the Contract, if any.

4.6 Duration of Tenders

All tenders submitted will be irrevocable for ninety days after the closing date as defined in section 3.4.

4.7 Currency and Taxes

Fees, rates, and prices quoted are to be: **In UAE Dirhams.**

All-inclusive prices in accordance with the Scope of Works and the ITT; and

Inclusive of any service charge, and levies, etc., i.e., an all-inclusive price applicable for the duration of the Contract.

The price must be exclusive of VAT. VAT to be shown separately.

Offer quoted should be valid for a minimum period of 6 MONTHS from the date of opening of Technical Bid.

5. Additional Terms

5.1 Acceptance of Tenders

- (1) This ITT should not be constructed as an agreement to procure goods or services by the Company.
- (2) The Company is not bound to accept the lowest priced tender, or any tender submitted.
- (3) The Company will be under no obligation to receive further information, whether written or oral, from any Supplier.
- (4) The acceptance of a tender does not constitute authorization of any activity or development contemplated in any tender that requires any approval, permit, or license pursuant to any federal, provincial, regional district or municipal statute, regulation, or by-law.
- (5) The Company reserves the right to award this tender in part or in full, based on tenders received unless the Supplier specifies that its tender is valid only for the full amount.

5.2 Insurances Required

Professional Indemnity Insurance	To cover against claims of negligence, errors or omissions in their professional services including coverage for legal expenses, damages and compensation that may be awarded against the insured party as a result of a claim made by a client or third party for any errors or omissions in their professional services. This coverage shall also include defense costs incurred during legal proceedings, such as court fees, lawyer fees and other expenses. Limits of liability – AED 1,000,000 for any one claim and in the annual aggregate.
Technology errors and omissions Insurance	To cover against liability for failure of technology products to perform the intended function or serve their intended purpose; and failure of professional services or technology products to meet any applicable legal or industry standard concerning quality, safety or fitness for a particular purpose. Limits of liability - Not less than AED 500,000 for any one claim and in the annual aggregate

5.3 The Supplier shall procure and maintain policies of insurance covering its legal liabilities under the contract to be entered between the Company and the Supplier for the performance of the Scope of Work accepted by the Supplier.

5.4 Form of Contract

By submitting a tender, the Supplier agrees that, should it be identified as the preferred Supplier, it is willing to enter into a contract with the Company incorporating substantially all the provisions set out in the term sheet(s), including any terms and conditions attached thereto. Each Supplier should provide a copy of their standard form of Contract and must be prepared to modify the terms of that form and other related documents to reflect the requirements of this ITT, its tender and any statutory requirements.

5.5 Payments

The Company shall pay invoices submitted by the successful Supplier in accordance with the payment terms proposed by the tenderer (within its submitted tender), as agreed by the Company and embodied in the contract.

Payment will be based on milestones as below schedule.

Milestone	Percentage %	Remark
Advance 20%	20%	
FRD Sign Off 15%	15%	
CRP Sign Off 20%	15%	
UAT Sign Off 20%	15%	
Go-Live 25%	20%	
DLP Support – 1 Year	15%	This payment will be released after DLP period completion

5.6 Liability for Errors

While the Company has made considerable efforts to ensure accurate representation, the information contained in this ITT is not guaranteed or warranted to be accurate by the Company, nor is it necessarily comprehensive or exhaustive. Nothing in this ITT is intended to relieve the Supplier from conducting their own investigations and forming their own opinions and conclusions with respect to the material facts addressed in this ITT. The Company shall not be held liable or accountable for any error or omission in any part of this ITT.

5.7 Modification of Terms

The Company reserves the right to modify the terms of this ITT at any time in its sole discretion. This includes the right to cancel this ITT at any time prior to entering a Contract with the Preferred Supplier.

5.8 Ownership of Materials

All documents, including tenders, submitted by Suppliers in response to this ITT become the property of the Company. They will be received and held in confidence for a period of Three (3) years.

5.9 Confidentiality of Information

- (1) This ITT or any portion thereof may not be used for any purpose other than the submission of tenders.
- (2) Information pertaining to this ITT obtained by the Supplier because of participation in this Project is confidential and must not be disclosed without written authorization from the Company.

5.10 Liability

Notwithstanding any other provision of this ITT, it is expressly understood and agreed that the Company will not and shall not under any circumstances whatsoever, including without limitation whether pursuant to contract, tort, statutory duty, law, equity or otherwise be liable for any costs, expenses, claims, losses, damages or liabilities (collectively and individually "Claims") incurred or suffered by a Supplier as a result of, arising out of or related to this ITT, any error or omission in any part of the ITT, the preparation, negotiation, acceptance or rejection of any tender, the rejection of any Proponent, the cancellation, suspension or termination of the ITT, or the postponement, suspension or cancellation of

the Project, and further the Proponent hereby waives and releases the Company against any and all such Claims.

Without limiting the generality of the foregoing, it is expressly understood and agreed that the Company shall not be under any obligation whatsoever to enter a Contract with a Supplier or anyone else and may cancel the ITT at any time for whatever reasons the Company in its sole, absolute, and unfettered discretion considers to be in its best interest.

6. **Performance Metrics – SLA/KPI's** – To be monitored and evidenced by submission of SLA/KPI documents by the Supplier to the client followed by signoff which is stated in Appendix A

7 Mandatory Criteria

The following are mandatory requirements. Tenders not clearly demonstrating that they meet them will receive no further consideration during the evaluation process.

Criteria
The tender must be received at the closing location by the specified closing date and time, as per Section 3.4 of the ITT.
Two complete sets of the tender must be submitted (One Hard Copy and One electronic copy in USB) (no facsimile or electronic mail) in full accordance with Section 3.4 of the ITT.
- Tenders must be submitted in the form specified in section 3.4 of the ITT, i.e.: - Marked for: - Attention: Procurement Department.
The tender is formally signed, authorized and binding on the Supplier. Authority of the signatory to be notified.

8. Minimum Eligibility Criteria

1. HSEQ Risk & Incident Reporting Management

- Technical Expertise:** Proficiency in software development, particularly in risk management and incident reporting systems.
- Familiarity with relevant HSEQ regulations and standards (e.g., ISO 45001, ISO 14001, ISO 9001).

Industry Experience:

- Previous experience developing HSEQ software or working in HSEQ roles.
- Demonstrated understanding of risk assessment methodologies and incident investigation processes.

User Experience (UX) Design:

- Capability to design user-friendly interfaces that facilitate easy reporting and tracking of risk and incidents.

Integration Skills:

- Ability to integrate with existing Concordia DMCC systems

2. Document Management System

Regulatory Knowledge:

- Understanding of document control requirements specific to HSEQ regulations and compliance standards.

Document Control Expertise:

- Experience in creating systems for document versioning, approval workflows, and retention policies.

Security Protocols:

- Familiarity with data protection regulations (e.g., GDPR, HIPAA) and implementation of secure document storage solutions.

Scalability:

- Proven ability to design scalable systems that can accommodate increasing volumes of documents and users.

3. Permit to Work (PTW) System

Process Knowledge:

- In-depth knowledge of PTW processes and safety procedures relevant to the specific industry (e.g., Facility Management).

Compliance Familiarity:

- Understanding of legal and regulatory requirements associated with work permits.

User Engagement:

- Ability to incorporate feedback from potential users (e.g., safety officers, site managers) to design effective workflows.

Risk Assessment Integration:

- Capability to integrate risk assessment functionalities directly within the PTW system.

4. Dashboard & Reporting Software Development

Data Visualization Skills:

- Proficiency in data visualization tools and techniques to create intuitive dashboards that present complex data clearly.

Analytics Expertise:

- Knowledge of analytics frameworks to provide meaningful insights and trends from HSEQ data.

Real-Time Data Handling:

- Experience in developing systems capable of processing and displaying real-time data.

Custom Reporting Capabilities:

- Ability to create customizable reporting features that meet the diverse needs of different stakeholders.

General Eligibility Criteria for All Systems

Project Management Experience:

- Proven ability to manage software development projects from inception to completion, including adherence to timelines and budgets.

Quality Assurance (QA) Processes:

- Established QA methodologies for testing and validating software performance and compliance with HSEQ standards.

User Training and Support:

- Commitment to providing user training, support, and documentation to ensure successful adoption of the software.

Compliance with Software Development Standards:

- Adherence to industry-standard software development practices (e.g., Agile, DevOps) to ensure quality and flexibility.

Stakeholder Engagement:

- Ability to engage with stakeholders throughout the development process to gather requirements, feedback, and ensure alignment with user needs.

Details listed above should be separately enclosed with the technical bid along with supplier details

9. Evaluation Criteria

Concordia will review all proposals received as part of a documented evaluation process. For each decision point in the process, Concordia will evaluate proposals according to specific criteria and will then select compliant bids to compete in the next level. Proposals not previously selected may be selected at a later date.

The sole purpose of the proposal evaluation process is to determine which upgrade strategy best meets Concordia's needs. The evaluation process is not meant to imply that one proposer is superior to any other, but rather that the selected Proposer can provide and has proposed the best solution for Concordia's current and future needs based on the information available and Concordia's best efforts of determination.

The proposal evaluation criteria, which will be developed by Concordia prior to the opening of proposals, should be viewed as standards that measure how well a proposer's approach meets the desired requirements and needs of Concordia. Concordia expects that evaluation criteria will focus on major risk areas for enterprise software implementations and include, but not be limited to the following:

Technical Assessment		60%
System Architecture & Technology (30%) – .NET Core, cloud-based (AWS/Azure/GCP), API-first design.		
Security & Compliance (20%) – MFA, SSO, ISO 27001/GDPR compliance.		
Performance & Scalability (20%) – Handles 500+ users, <3s response time, auto-scaling, caching (Redis).		
Mobile Development (20%) – offline mode, push notifications, secure auth.		
Integration & Interoperability (10%) – APIs, enterprise system compatibility (SAP, Oracle, Unifier), IoT-ready.		
Commercial		40%

For the Attention of: Procurement Department

Dear Sir/Madam

Subject: *{Invitation to Tender name ITT number}*

*List any amendment nos. and
dates}*

The enclosed tender is submitted in response to the above-referenced Invitation to Tender. We confirm our agreement and acceptance of all the terms and conditions of the Invitation to Tender.

We have carefully read and examined the Invitation to Tender and the Scope of Works and its Annexures and have conducted such other investigations as were prudent and reasonable in preparing the tender. We agree to be bound by statements and representations made in this submission and to any agreement resulting from the tender.

Yours faithfully

Authorized Signatory of the Supplier
