

Company & Global Presence

Q1: In which countries do you operate?

A1: We operate globally with clients in the USA, UK, Canada, Australia, UAE, Saudi Arabia, Qatar, South Africa, and India.

Q2: Are your resources available for international projects?

A2: Yes, we work with clients across the globe including the USA, UK, Europe, Australia, and the Middle East, so our resources can support international projects.

Q3: Do you support clients in the Middle East?

A3: Yes, we actively serve clients in the Middle East, including Saudi Arabia and UAE.

Q4: Do you support clients in the USA?

A4: Yes, we actively support clients across the USA. Our team is experienced in aligning with various US time zones (EST, CST, PST) and business practices. We offer flexible engagement models and ensure seamless collaboration with your in-house team.

Working Hours & Engagement

Q5: What are your working hours for US clients?

A5: We align with US time zones (EST, CST, PST) based on client requirements. Our resources are flexible and can overlap with your preferred hours.

Q6: Can I get a resource who works in Gulf or Middle East time zone?

A6: Yes, we have resources available in time zones like KSA, UAE, and Qatar.

Q7: Can I get a dedicated resource in my preferred working hours?

A7: Yes, we offer dedicated resources who can work in your preferred shift — US, UK, Gulf, or India time zones.

Q8: What are your typical working hours?

A8: Our standard working hours are from 10:00 AM IST to 7:00 PM IST. However, our team is flexible and can align with your preferred time zone based on project requirements.

Q9: Are you available for urgent support or weekend work?

A9: Yes, we offer extended support hours and emergency assistance upon request.

Developers & Resources

Q10: What is the experience level of your developers?

A10: Our resources range from 3 to 10+ years of experience across Salesforce, Joget, SharePoint, Oracle APEX, Power BI, and more.

Q11: Do you have certified Salesforce consultants?

A11: Yes, our Salesforce consultants are certified in admin, development, and advanced modules like CPQ.

Q12: How experienced are your Power BI developers?

A12: Our Power BI developers have 3–10 years of experience and have implemented dashboards for 10+ industries.

Q13: Can I get a dedicated Power BI developer?

A13: Absolutely! We provide full-time or part-time Power BI developers based on your needs.

Q14: Can you give a senior resource with 5+ years' experience?

A14: Yes, we have senior developers with extensive domain knowledge and project experience.

Q15: Can I try the developer for 1 week before signing a long-term contract?

A15: Yes, we offer a 1–2 week risk-free trial.

Q16: Can you share resumes before we finalize?

A16: Yes, we share shortlisted CVs and you can conduct interviews before selection.

Q17: How quickly can you onboard a resource?

A17: We can usually onboard within 1–3 business days.

Q18: Do you offer trial periods for your resources?

A18: Yes, we provide short trial periods (1–2 weeks) to evaluate fit and quality.

Q19: What is the minimum contract duration?

A19: For dedicated resources, the minimum is usually 3 months. Project-based durations vary.

 Services & Offerings

Q20: What services does Iqra Technology offer?

A20: We offer services in Salesforce, Power BI, Power Platform, SharePoint, Oracle EBS, web development, and low-code platforms like Joget.

Q21: Do you provide Salesforce development and support?

A21: Yes, we provide Salesforce development, admin, CPQ, LWC, Apex, integrations, and more.

Q22: Can I hire a Salesforce developer on an hourly basis to build a LWC component?

A22: Absolutely. We offer Salesforce developers on hourly, daily, or monthly models.

Q23: Do you offer services in Microsoft Power Platform?

A23: Yes, we specialize in Power Apps, Power Automate, and Power BI.

Q24: Can you help with SharePoint customization?

A24: Yes, we build intranet portals, document systems, workflows, and UI enhancements in SharePoint.

Q25: Do you provide Oracle APEX resources?

A25: Yes, we offer skilled Oracle APEX developers for both support and development.

Q26: Do you offer fixed-price or milestone-based projects?

A26: Yes, we support hourly, monthly, and fixed-cost models.

Q27: Do you provide offshore and onsite resource models?

A27: We primarily offer offshore support, with onsite deployment available on request.

Q28: What are your engagement models?

A28: We offer full-time dedicated, part-time, hourly basis, and project-based delivery models.

 Pricing & Billing

Q29: What is your hourly rate for a Salesforce developer?

A29: Our rates start from \$18–30/hr depending on the expertise (Admin, Apex, LWC, etc.).

Q30: What are your pricing models?

A30: We offer flexible hourly, monthly, and fixed-cost pricing.

Q31: Is there a minimum contract period?

A31: Yes, typically 3 months for dedicated resources.

Q32: Do you offer fixed-cost projects?

A32: Yes, with finalized scope and timelines.

Q33: How is billing handled – weekly or monthly?

A33: Billing is usually done monthly, but we can adapt as needed.

Q34: Are there any hidden charges?

A34: No, all pricing is transparent and agreed upon upfront.

 Client Engagement & Delivery

Q35: Can you provide client references?

A35: Yes, we can share references during the proposal phase or after NDA.

Q36: Do you have case studies or sample work?

A36: Yes, we have multiple case studies and demo dashboards available.

Q37: What industries have you worked with?

A37: Finance, healthcare, retail, education, oil and gas, civil engineering, and IT services.

Q38: Can you show some demo dashboards or portfolios?

A38: Yes! Visit our Power BI demo site to explore live dashboards.

Q39: Have you worked with clients in the US or Middle East before?

A39: Yes, we've worked with many clients in the US, UAE, KSA, and Qatar.

Q40: How do you manage client communication and reporting?

A40: We use MS Teams, Slack, and email, and provide weekly updates, demos, and logs.

Q41: Can you work with our existing tools and platforms?

A41: Yes, we integrate with your systems and use Jira, Trello, Asana, or others.

Q42: How do you ensure data confidentiality and security?

A42: We sign NDAs and follow strict security protocols.

Q43: What is your project delivery process?

A43: We follow agile methodology with regular check-ins and sprint cycles.

Q44: How do I get started with a new project?

A44: Contact us via website/chat and share your email and phone number with a requirement description. We'll schedule a discovery call and provide a proposal.
