OBJECTIVE

- To work with an organization that provides a wide scope for career development along with challenging opportunities, where I can utilize my skills effectively.

WORK EXPERIENCE

IQRA TECHNOLOGY | Gen AI Developer (Oct 2024 – Present)

- Developed user-friendly interfaces using **React**, enhancing the user experience and interaction of web applications.
- Built **Django REST APIs** as per requirements and integrated them with the React frontend using **Axios**.
- Developed **Smart Compiler**, integrating **OpenAI with Django Rest Framework** to debug code and provide AI-driven corrections.
- Built and optimized AI-driven applications, leading full-stack development with React and Django REST Framework for scalable solutions.
- Developed AI Coding Training Assistant, an interactive coding assistant that provides real-time debugging and AI-driven feedback, increasing code correction efficiency by 40%.

SKILLS

- **Programming Languages:** C, C++, Java, JavaScript, C#
- **Web Technologies:** React, Asp.Net, .Net MVC, Bootstrap
- **Backend:** Python, Django, MS-SQL

PROJECTS

Coding Training Assistant (Jan 2025)

- A web-based training application built using **ReactJS and Django REST Framework** with **GPT integration** to train programming trainees.
- Authenticates students, tracks their active time, and assists with programming errors.
- Features a **question-solving platform** similar to **LeetCode**, categorized to help students practice coding.
- **Admin Panel** to track user activities, upload new questions, and monitor progress.

Chat Application (WhatsApp-like) (Dec 2024)

- Developed a **real-time chat application** similar to WhatsApp using **Django REST Framework** for the backend.
- Implemented user **authentication (JWT-based)**, one-to-one and group messaging, and real-time notifications using WebSockets.
- Integrated media sharing, allowing users to send images, videos, and documents.
- Implemented **end-to-end encryption** for secure messaging.
- Developed an intuitive and responsive frontend using Django templates
- Optimized API performance and ensured secure data transmission following best security practices.

EDUCATION

DR. BABASAHEB AMBEDKAR MARATHWADA UNIVERSITY

- Bachelor of Science in Computer Science (3rd Year, Pursuing)
